

*We are two grandmothers,
vexed by the decline of public civil
discourse in America.*

We are championing the
**Grandmothers Unite: MAKA
Movement** starting **NOW**. We
intend, through emphasising the
power of words, to return to an
America with compassion and
mutual respect at its core.

**MAKA – Make America KIND
Again**—is a call to action for all
of us—challenging the decline in
public discourse coming from
media influencers.

Our children are listening and
being swayed toward more
bullying and toxic language.

On the other side of this
bookmark, you will find
immediate steps you can take
